The goal of this one-day workshop is to help participants more effectively plan for and implement Transit Oriented Development (TOD) within the Southeast Florida context. The workshop will bring together representatives from local governments, regional/metropolitan and state agencies, transit agencies, the private sector and other parties interested in TOD. Professional development credits (AICP, PE and AIA) are being requested.

This is a free workshop. **Seating is limited.**

**To register, please email Kevin Fischer at [kfischer@ciesthatwork.com](mailto:kfischer@ciesthatwork.com)**

**by September 13, 2011** with your choice of date.

A working lunch is planned and a boxed lunch will be available for \$8. Menu choices will be given when registering.

The South Florida Regional Transportation Authority is providing free Tri-Rail transportation to the workshop. Please indicate if you wish to receive a ticket.
